Abiodun Tobi

Implementation Analyst · Hospitality POS and ERP

Lagos, Nigeria · abeyjr42@gmail.com · abioduncxnna.github.io

Profile

Implementation Analyst at OyaSync/Fetolsa who takes hospitality and retail businesses from signed contract to confident go-live. Experienced in configuring POS and HQ, preparing menu and stock data, setting up hardware and networks, and training the people who use the system every day. Works with restaurants, lounges, hotels and gas plants, often with several outlets each.

Experience

Implementation Analyst, OyaSync/Fetolsa

November 2025 to present

- Deploy the Fetolsa platform for restaurants, lounges, hotels and gas plants, including multi-outlet businesses: POS and HQ configuration, menus and prices, users and permissions.
- Implement Fetolsa's hotel property management system (PMS) and its retail app for gas plants (sales, receipts, pump readings and end-of-day close).
- Install and test printers, POS hardware and network connections, handle client equipment purchase, and run test runs before go-live.
- Train client staff and write user guides; authored the complete HQ User Manual, with a glossary and a troubleshooting section.
- Prepare menu, stock and price data in Excel for upload: converting PDF and Word menus into structured files, and cleaning and standardising stock sheets.
- Keep a log of POS and HQ incidents across branch locations, tracking the source of each issue and its resolution status.
- Support clients after launch so problems are fixed quickly.

Intern, Ameogo Pago

- Operated the point-of-sale system as a cashier, processing customer sales and payments.

Skills

- **Platform:** Fetolsa POS, HQ, PMS and retail app; multi-outlet setup and configuration
- **Hardware and network:** printer and POS hardware setup, network troubleshooting
- **Data and Office:** Excel (data cleaning and formatting), Word, Microsoft Office; working knowledge of Python
